Note-taking apps are not all created equal. In fact, the deeper you dig into them, the more you realize how different they all are in terms of what they offer in both concept and abilities. To delete a message: • In a message conversation, touch and hold the message bubble that you want to delete, then tap More. To delete more than one conversation, open Messages and tap Edit in the upper-left corner. While a solid note-taking app is a necessary piece of any suite of productivity apps, figuring out what to do with it in the first place is half the challenge. • Tap, then tap Delete Message. If you want to delete all messages in the thread, tap Delete All in the upper-left corner.

Then tap the circle next to the conversations and tap Delete in the bottom-right corner. To keep your messages for a certain amount of time, go to Settings > Messages > Keep Messages. Then tap Delete Conversation. Default Android text apps are boring, but there are tons of alternatives in the Play Store. To delete a single conversation, swipe left over the conversation that you want to delete, tap Delete, then tap Delete again to confirm. When you delete a message or conversation, you can't get it back. So make sure that you. [Cocktail Mac Download](#)
